Lesson/Session Service Terms and Conditions:

As the student I agree to the following terms and conditions for lesson service:

Carry Valid Learners Permit or NJ Driver's License during lessons:

I will carry my NJ learner's permit/NJ driver's license when the instructor comes to pick me up for my lesson. I have a validated NJ learners permit. My learner's permit/license is not expired. I understand if my learners permit or license is not valid or expired when the instructor arrives, then I will be required to pay for the requested service, regardless if the lesson service is not provided. Please note: When informing the school, you have learners permit, this entails you have a NJ learners permit, and not a blue card from high school. Identifying a blue card as a learner permit when the instructor appears, to provide the service will result in cancelation of service and the student will be required to pay the lesson fee that was quoted.

Wear contacts or glasses if student wore them during vision test:

I understand I have to wear contacts or glasses to the lessons, if I wore them for the vision test.

On time arrival:

I understand I must be on time for the lesson, if I show up late for my driving lesson then the instructor will cut down the lesson time based on how late I arrived for the driving lesson. The instruction time starts when the instructor arrives at the student's pickup location. This does not apply for 16-year-old students who are taking the 6-hour program. Students who are enrolled in 16-year-old 6-hour program, must be on time for their lesson. If the student is not on time, the parent will be liable for paying a late arrival fee, a minimum of \$50.00

Payments:

I agree I have to pay the instructor cash or an online payment (ex. Venmo, Zelle, Quick pay) when the instructor arrives, for the service. I understand, I as the student am liable for making payments to the school/instructor, when the instructor arrives for the requested service. I understand the lesson/session will not start until payment is made to the instructor or school. There are no refunds for the driving lesson/session service once service is provided. All sales made through online transfers or cash are final (not applicable for the 16-year-old students enrolled in the 6-hour program).

Only student should be allowed in the car (For students 18 and above):

I understand as a student who is 18 or above, I should be the only person going into the car when the instructor arrives for my lesson. An adult student cannot bring another adult, their child, or a minor to the lesson.

Pick up and drop off service:

I understand the drop off location has to be the same as my pick-up location; the drop off location can change if there is an agreement between the instructor and student.

Instructions for teaching:

I understand that the instructor has the right to teach what he or she determines is appropriate for me to learn as a student. I understand parallel parking, k-turn, and straight reverse is not taught by taking only one session/lesson within one day. I understand the instructor will only teach parallel, k-turn, and reverse, if I mastered basic driving first. Basic Driving includes but not limited to: turning, signaling, braking, accelerating, stopping, steering, and lane changing. I understand one session/lesson is approximately 50 minutes of instruction time. The driving instructor does not take students to a highway for training. The time frame that's provided by the school is the time frame the instruction time will take place, For example: If my time frame is 8am-10am that implies, the lesson starts at 8am and it will end at approximately 9:40. If my lesson time frame is 9-10, and if my instruction time starts at 9:05 than it will end approximately 9:55 .The time frame rule for session/lesson does not apply to students who are enrolled in the 16-year-old 6-hour program.

Cancellation for lessons:

Students must notify the school before two business days, if they would like to cancel or reschedule their lesson. If a student does not notify the school if they would like to cancel or reschedule their lesson(s), before two business days they will not receive a refund for the payment they made for the service. If a student has reserved and paid for lessons for a weekend slot, they must notify the school by 4pm on Thursday of that week, if they wish to reschedule their appointment or get a refund for their reserved slot. Students will not get a refund if they cancel their weekend appointment on Friday, Saturday, or Sunday.

Pricing for lessons:

Students who are taking lessons on an ad-hoc basis and making payments to the school for the lessons, only when the instructor arrives, understands the price for lesson are subject to change overtime. The Driving School will confirm the finalized amount due for the lesson service, before one business day the lesson service is provided. This does not apply to students who have already pre-paid for future lessons in lump sum or students who are enrolled in the 16 -year 6-hour program.

Handicap students:

We are not authorized to teach students who are deemed physically handicap. We cannot teach students if they are unable to use both hands and legs while driving.

If you or someone you have been in contact with, has had COVID-19; 14 days before your lesson appointment, please let the school know ASAP.

Rules and regulations of driving:

I understand I will drive safely, and according to the rules and regulations, as per the New Jersey Drivers Manual. Please drive with caution.
